

SOTAX Group introduces new strategic segment “Pharma Services”

With the integration of SPS Pharma Services, the SOTAX Group broadens its strategic reach and further extends its services portfolio. The new business segment “Pharma Services” with laboratories in France, USA, and India helps pharmaceutical companies worldwide in overcoming the various challenges associated with developing, optimizing, validating and registering reliable testing methods along the life cycle of a drug – from discovery to commercial manufacturing.

January 2022: Specialized in in-vitro testing since 2005 and set in an US FDA inspected facility, SPS Pharma Services is fully integrated into the SOTAX Group per 1st January 2022. The scientific expertise of its staff paired with cGMP compliant procedures, state-of-the-art laboratory infrastructure, and a proven track record of satisfied customers form an integral part of the SOTAX business strategy in “Pharma Services”. Together with other SOTAX laboratories in USA and India, the SPS operations in Orleans, France allow SOTAX to offer a wide range of best-in-class services that are tailored to the specific needs of R&D and Quality Control (QC) departments of pharmaceutical companies worldwide.

SOTAX, a global leader in the development and manufacturing of dissolution testing systems, automated sample preparation platforms, and physical testing instruments, has already been working closely with SPS Pharma Services for more than 15 years. With the integration of SPS operations, SOTAX is further strengthening its position in the market as a global solution provider and establishes “Pharma Services” as an additional strategic business field.

"We are very pleased to join SOTAX and become part of a global team. The backbone organization of SOTAX will allow us to concentrate on our core activities, to further expand our network, and to continue offering our customers first class services with an high level of expertise and quality" commented Samir Haddouchi (Managing Director at SPS Pharma Services), who will take over the management of the division “Pharma Services” at SOTAX.
